DETAILED ACTION

Response to Amendment

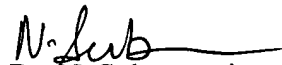

1. The reply filed on March 7, 2006 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): Claims 1-6, 13-18, 25 and 27 that were examined in the Final office action mailed on November 17, 2005 are directed to methods, a system and a computer-readable storage medium for holding an auction for a product, whereas the amended claims are directed to methods, a system and a computer-readable storage medium for each product type of multiple product types, wherein said each product type is a known configuration combining more than one product. The originally examined claims are directed to holding an auction for a product, whereas amended claims are directed to combinatorial auctions involving combination of more than one product. The amended claims read on invention II that was non-elected in response to the restriction/election mailed on March 31, 2005. The reasons for restricting the inventions were discussed in the office action mailed on March 31, 2005. See 37 CFR 1.111.

The applicant elected the examined invention by original presentation. (See MPEP 8.21.03) The presentation of amended claims in the applicant's communication of March 7, 2006, is tantamount to shifting of inventions in the same application. See MPEP § 821.03 Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TNE PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).
